CALL FOR PAPERS

The XVI International Conference ETAI 2024 will be held in Struga, North Macedonia, from 20th - 23rd September 2024

The ETAI conferences are the biggest international meetings of the experts from the scientific and business community of the Republic of Macedonia and the region in the areas of Electronics, Telecommunications, Automatics and Informatics. ETAI 2024 is the 16th in a series of thematic conferences and this year after a short period will be held again in the traditional ambient of the exceptional natural beauty and cultural heritage of the Lake Ohrid area, protected by UNESCO.

Following its interdisciplinary character, the main goal of ETAI 2024 is to bring together researchers and practitioners to present, discuss and further develop views on the conference's hot topics: Internet of Things, Digital economy, Cyber security, Big data, and the crown topic of today – Artificial Intelligence. The key intention is to create a forum where theoretical and practical experiences can be exchanged and presented to the public sector as well as to the private one. Joining everybody together will improve mutual cooperation through joint projects and collaborations.
